

# PROCLAMATION

## Acknowledging Yantacaw Brook Park Conservancy

**WHEREAS** Montclair is fortunate to have many talented, civic-minded residents who are willing to contribute their time and talent to the betterment of the Township. One such group, the Yantacaw Brook Park Conservancy, was created out of the concern of local citizens to improve and enhance the 11.51 acre Yantacaw Brook Park and its facilities for the benefit of the Township; and

**WHEREAS** The Conservancy was formally established on September 23, 2011. Working in cooperation with the Township Parks Department, the Conservancy's mission is to enhance the Park by maintaining and improving its trails, infrastructure, ecology and landscaping; to promote appropriate use of the park and environmental awareness of its natural features; and to maintain a moderate and balanced use of the park by the community; and

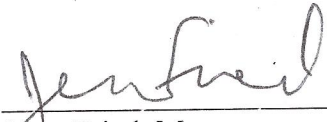

**WHEREAS** The Conservancy co-ordinates the activities of its members and volunteers, raises funds for use in the park projects and works with the Montclair Parks Department with which it coordinates its activities. Members work on projects such as cleaning debris from the Park, planting flowers and shrubs and weeding the beds in which they are planted; now therefore

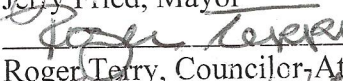

**BE IT RESOLVED** that we, the Township Council of Montclair,

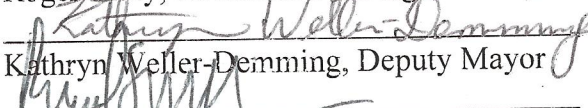

acknowledge the creation of the Yantacaw Brook Park Conservancy, recognize its dedication to the restoration and maintenance of Yantacaw Brook Park and thank its volunteers for helping to maintain one of Montclair's most beautiful natural resources.
